

21st CENTURY LEADERS

Leadership Plugged In: Turner Technology Experience

Our new Summer Institute is a leadership program for a diverse group of 60 high school sophomores and juniors that focuses on technology and innovation in business.

This **one-week residential program**, which takes place on Georgia Institute of Technology's campus from **July 11-16 2010**, includes hands-on experiences at the Turner Entertainment Networks!

All costs for the program are covered by a generous grant from **Turner Broadcasting System**.

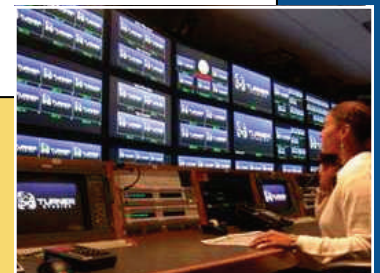

Program Highlights

- Attend daily interactive workshops developed and led by professionals from Turner Broadcasting System, Inc.
- Network with TBS, Inc. executives in a variety of technology related careers.
- Learn about major areas—Broadband, Linear, Interactive TV, Mobile, and Video on Demand.
- Create a technology based project with feedback from the pros.
- Meet motivated young leaders from across the state of Georgia.
- Gain valuable experience and a **TERRIFIC** item for college applications!

Campus Living

- Tech Rec room with arcade games, pool tables, and bowling alleys
- Swimming pool and basketball courts in Campus Rec Center
- Undergraduate dorms with suite style rooms and a kitchenette
